Single Product Category Redirect Extension

Introduction:

Single Product Category Redirect extension reduces clicks on your website, When a category has a only one/single product then it redirects your customer to product detail page automatically instead of the category page.

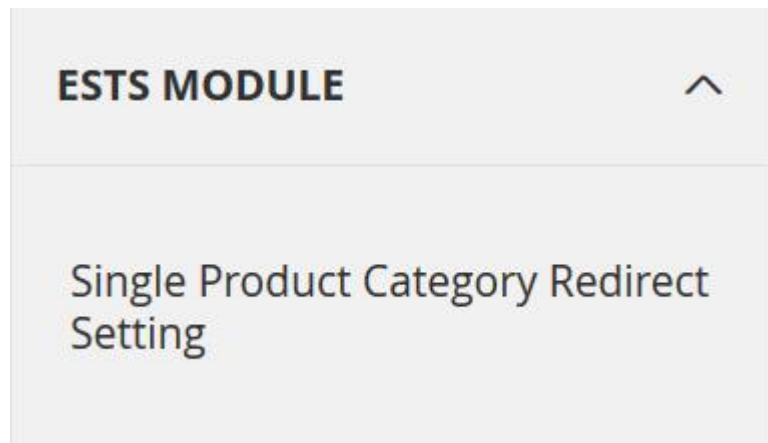

This extension for Magento allows you to redirect customers directly to product details page when category has onlyone or single product.

Features:

- ✓ Automatically redirect customer to product detail page when category has single product.
- ✓ It redirects using 302 which is a temporary redirect so it doesn't affect your SEO when category has more thanone product.
- ✓ It fully supports multi-store and websites.
- ✓ Enable/Disable feature.

Configuration:

Step 1: Login to Magento admin and Go to Store->Configuration section you will see the Ests tab in the left menu.

Step: 2: Click to Single Product Category Redirect Setting:
You will the Enable field, You can enable or disable module

Step: 3 Go to frontend and click to single product category and you will see the category redirect to the single product detail page.
